**Invitation as participant of the TUD FaCE "Engineering Pedagogy Training Programme for Indonesian Vocational Education Specialists" (Short Course 2022)**

Dear Dera Thorfiani,

Herewith I invite you for an academic further education course to be organized by the TU Dresden Institute of Further and Continuous Education (TUD FaCE) for the Direktorat Kelembagaan dan Sumber Daya Pendidikan Tinggi Vokasi - Ministry of Education, Culture, Research, and Technology on the topic "Engineering Pedagogy Training Programme for Indonesian vocational education specialists" (Short Course 2022). You will be part of a group of 35 participants from Indonesia.

During your study visit, you and your colleagues will receive further training on the following topics:

- Designing of learning and teaching processes (didactics and methods)
- Human Resources Development
- Education Technology
- Knowledge transfer from Theory to Practice

The stay in Germany should be scheduled for 1 month. We have planned the period for the training in Berlin and mainly Dresden from November 23<sup>rd</sup>, 2022 to December 22<sup>nd</sup>, 2022.

All your expenses including travel and health insurance for Germany will be covered by Ditjen Pendidikan Vokasi.

Kind regards,

Prof. Dr. Thomas Köhler  
Managing Director, TU Dresden Institute for Further and Continuing Education GmbH (TUD FaCE)
